APPLICATIONS

- For surface mount, outdoor lighting, walkways, parks and parking lots

PRODUCT DESCRIPTION

PowerLux® eShoeBox Twin Elite is a medium wattage lighting solution based on Philips unique CDM technology. This technology provides high quality and highly efficient white light and consists of a special developed lamp, holder and ballast. It offers an unrivalled level of light quality and performance. Warm lamp reigniting time is specified to be between 10 – 15 minutes. The **Twin Lamp** luminaire is for areas requiring instant re-strike. If one lamp turns off, the second lamp turns on within 1 minute.

SPECIFICATION FEATURES

- Thermally engineered for sustainable operations designed according to local temperatures
- Die cast housing, front frame and ballast box with a powder coat finish over a chromate conversion coating
- Housing swivels from 0° to 30° and includes angle indicators at adjustment points.
- Hinged front frame and latch for tool-less entry for relamping
- Silicon rubber gasket included to prevent any leakage from the outside
- Tempered glass lens
- Aluminum IES Type V reflector designed for maximum photometric efficiency and optimum light distribution
- Suitable for wet location
- Overall weight is reduced for easy installation and maintenance. Easy hang wall bracket included allows one person mounting.

LAMP FEATURES

- Color Rendering Index (CRI 90) and higher
- Compact lamp design in combination with accurate lamp fixation, enabling high optical efficiencies
- Excellent color quality and consistent light output from beginning to end
- Long life (up to 60,000 hours with twin lamps) for low maintenance
- Significant upgrade opportunity over traditional HID systems
- Viable alternative to fluorescent options
- Sparkling properties of white light create a more natural and inviting ambience
- Part of Philips Green Flagship product line to minimize environmental impact and CO₂ emissions
